

TEACHER APPRECIATION

Star rewards *for our teachers*

Every five-star review from a happy family puts a star on our teachers' board, and every star earns them a little celebration: coffee one week, lunch another, and something big when the board fills up. If your family has had a good experience here, an honest Google review is the kindest way to say so.

Thank you for helping us celebrate the people who care for your child.

TEACHER APPRECIATION

Thank *a teacher*

If a teacher made your morning easier, helped your child through something hard, or simply noticed them, we would love to hear it. A word at pickup, a note, or a story card from the basket below all count. We read every one aloud to the team on Fridays, and each one goes on our teachers' star board.

Story cards live right here whenever you feel like writing one.

TEACHER APPRECIATION

Our teachers' *star board*

Every kind word from a family puts a star on our teachers' board, and we read each one aloud to the team on Fridays. If a moment here has stayed with you, share it however feels right: a word at pickup, a story card from the basket below, a note to Ashley or Jarred, or an honest Google review if you would rather say it publicly.

Thank you for helping us celebrate the people who care for your child.
